**YELLOW**

### MOTIVE [ Fun ]

Yellows are motivated by Fun. They are inviting and embrace life as a party that they're hosting. They love playful interaction and can be extremely sociable. They are highly persuasive and seek instant gratification. Yellows need to be adored and praised. While yellows are carefree, they are sensitive and highly alert to others' agendas to control them. Yellows typically carry within themselves the gift of a good heart

### ABOUT YELLOW

Yellows need to look good socially, and friendships command a high priority in their lives. Yellows are happy, articulate, engaging of others and crave adventure. Easily distracted, they can never sit still for long. They embrace each day in the "present tense" and choose people who, like themselves, enjoy a curious nature. Yellows are charismatic, spontaneous, and positive; but can also be irresponsible, obnoxious, and forgetful. When you deal with a YELLOW, take a positive, upbeat approach and promote light-hearted, creative, and fun interactions.
